## JOE A CANDIDATE AGAIN

(Louisville Times.)

State Senator R. L. ("Took") Hubble and Joe Embury, doorkeeper of the last House of Representatives, both leading Democrats of Lincoln county, were in Louisville the other day and said that they had never seen Democratic prospects brighter in that section of the 18th district. They said that former Democrats who had left the party in the past were returning to the fold by scores and that in consequence the Republicans were badly rattled even some of them saying they intended to vote this time for McCreary and the rest of the Democratic State ticket. Senator Hubble said that he expected the next session of the General Assembly to be one of the most important ever held in the state. Joe Embury will be a candidate for his old place as doorkeeper of the House, up to the present time having no announced opposition.

## BETTER KILL IT RIGHT NOW.

Col. John H. Welch has returned from Michigan and Canadian points where he sojourned for several weeks nursing his congressional boom. He says he experienced frost in that northern clime and we suppose his congressional bud of hope did not feel the withering blights of old Boreas' tempered blasts. It takes a political frost to kill off congressional germs and political boomlets and we admonish Col. Welch to take good care of his bud of hope for a political cyclone is scheduled about the time he offers himself as a sacrificial lamb on the altar of Democracy that will freeze his every hope and aspirations for congressional honors—he's a Democrat all right, but of what brand I am unable to say.—Nicholasville Gatling Gun.

## Hanna's Green Seal "THE MADE-TO-WEAR PAINT"

Has stood the test of time and has been improved in quality with the passing years. Many brands of paint are offered for sale and quite often careful scrutiny is not given the subject with reference to the quality of the paint to be used.

EXPERIENCE IS A GOOD TEACHER. TEST THE QUALITY.

It is a good idea to learn the composition of the paint you intend to use. There is a difference.

The printed formula appears on every package of Hanna's Green Seal Paint.

This is an evidence of good faith and attests the confidence the makers have in their product.
